# and Science Meet

The exterior of your home is an expression of your style but equally as important is that the beauty lasts. Kaycan offers the ultimate in style and science in the Richmond Ultra™ Collection. Richmond Ultra™ is designed to always look incredible and deliver protection and comfort year after year.

Richmond Ultra™ brings together quality insulation and vinyl siding using our patent-pending mechanical fastening system, a revolutionary system allowing the vinyl and foam to function independently to expand and contract freely as outside temperatures change. The system design maintains the structural integrity and resists warping and bowing, keeping your siding smooth and straight for years. Richmond Ultra™, unparalleled Beauty, Protection, Durability and Ease.

# Beauty

## Color that Lasts

Richmond Ultra™ Chromalock™ vinyl technology is an exclusive process that bonds the color with the vinyl to guard against fading and discoloration so the color you choose today will look great for years to come.

## Color, Texture and Style

Richmond Ultra™ offers a deep wood grain that captures the essence of classic craftsmanship and comes in a wide choice of colors. This is combined with the Double Lap Profile and the ¾" Full Profile height for dramatic shadow lines and added rigidity.

## Maintains its Beauty

The Richmond Ultra™ mechanical fastening allows for moisture to escape freely from between the insulation and the vinyl through specially designed weep holes. This helps to eliminate problems with mold and mildew and as well, the vinyl won't buckle or warp. Your home will look smooth and straight for years.

# Protection

## Protection for a Quieter, More Energy Efficient Home Saves Money and Energy

- Double-Thick Cyclone System™ Nail hem provides extra rigidity to withstand winds up to 251 mph.
- Richmond Ultra™ self-aligning locking system is designed to snap together for extra fastening strength.
- Protection from harmful UV rays, Richmond Ultra™ color doesn't fade and has a fade resistant warranty.
- Premium 0.050" thickness and double sized insulated panels reduces noise by up to 30%.
- The extra thick paneling and insulation keeps air and insects out and its superior insulation keeps your home warm in the winter and cool in the summer.
- The Richmond Ultra™ mechanical fastening system allows for a more resilient insulated siding that protects your home from extreme weather conditions.

# Durability

Richmond Ultra™ features 0.050" premium thickness, delivering a solid, dent-resistant wall.

Richmond Ultra™ siding shields against impacts up to 300% more than other sidings. Richmond Ultra™ will always present a solid surface no matter what it has to withstand. Richmond Ultra™ and the mechanical fastening system work together as a unit. Your siding maintains its integrity to reduce shadows at the seams and keep its lines straight and crisp.

# *Ease*

Richmond Ultra™ makes life easy every step of the way. With an array of popular colors to choose from, there is never the need to paint. It is easy to maintain year after year with no more than a simple hose down. More free time. More dollar savings. Richmond Ultra™ is an easy choice.

## Your Satisfaction is important to us.

As one of the largest manufacturers of building materials in North America, Kaycan is renowned for offering a vast array of innovative, industry-leading products.

For Kaycan's vinyl products, this means using the finest polymers and pigments in our manufacturing process. It means continually creating new, stronger, more attractive designs. And it means backing it all up with a lifetime limited warranty.
